Career Objective

Recent MCA graduate seeking an entry-level Java Developer role to apply my programming skills, contribute to real-world projects, and grow as a software professional.

Education

R D Engineering College, Duhai, Ghaziabad <i>MCA – 76%</i>	2026
D K College, Dumraon (Buxar), Bihar <i>BCA – 71%</i>	2023
Inter College, Dumraon, Buxar, Bihar <i>Intermediate (PCM) – 60%</i>	2019
CPSS High School, Dumraon, Buxar, Bihar <i>Matriculation (10th) – 61%</i>	2017

Technical Skills

Programming Languages: Core Java, JavaScript, C (Basics)
Frameworks & Libraries: Spring Boot, Spring Security, Spring Data JPA
Database: MySQL, H2
Web & APIs: REST APIs, JWT Authentication
Cloud & Tools: AWS (Basics), SailPoint (Basics), Git, Maven
Concepts: Object-Oriented Programming (OOP), Data Structures (Basic)

Projects

Study Group Finder | *Spring Boot, React, MySQL, JWT, WebSocket*

- Built a full-stack web application enabling university students to discover, create, and join study groups, with real-time chat, session scheduling, and a ratings leaderboard.
- Developed secure RESTful APIs with Spring Boot, Spring Security, and JWT-based authentication, backed by Spring Data JPA and a MySQL relational schema.
- Containerized the application with Docker, documented REST endpoints via Swagger/OpenAPI, and covered core services with unit and integration tests.

E-Learning System | *Java, MySQL*

- Designed and developed an E-Learning desktop application using Core Java and MySQL to manage courses and student data.
- Implemented key modules including course management, progress tracking, interactive learning tools, and secure data handling.
- Gained hands-on experience in the full software development lifecycle – from design to debugging and deployment.
- Enhanced problem-solving ability by resolving real-time project errors and optimizing database queries.

Key Strengths

- Strong command of Core Java and Object-Oriented Programming (OOP) principles.
- Proficient in MySQL – database design, queries, and data management.
- Quick learner with ability to adapt to new technologies and frameworks.
- Effective communicator with good problem-solving and analytical thinking skills.
